[Verse One]

The distance between us has gotten so cold.
What's best left unsaid was once in my head.
And the words that you said and then, I believe again

And A-D-D and O-C-D and every letter in between and
every single step I take, I'm dying
Hoping you can find the time to help me get my life in
line

And every single move I make, I can breathe again.

[Pre-Chorus]

Standing out your window screamin'
Hoping you can hear my voice tonight
scream until my lungs collapse
So I can finally know what this all about

[Chorus]

This Can't Happen Again
Sorry
But I'm tired of waiting
This Can't Happen Again
Sorry, but I'm tired of waiting

[Verse Two]

How desperate the truth is you never could know
Turns in the bed you slept
Secrets and lies you kept
You'd turn your back except,
You believe again

And A-D-D and O-C-D and every letter in between and
every single step I take, I'm dying
Hoping you can find the time to help me get my life in
line

And every single move I make, I can breathe again.

[Chours]

Guitar riff then plays

Staring at your window screaming
Hoping you can hear my voice tonight

Scream until my lungs collapse so I can finally know
what this is all about.

This Can't Happen Again
Sorry
but I'm tired of waiting
This Can't Happen Again
Sorry but I'm tired of waiting

[Chorus]
