Refrein: Beef a gonna rec. it.
Lau troop posse on the loose about to wreck it.
One after the other one, they say they love to track it.
Backin' it up, so that the people come and check it.
Checkin' 'em out now.
'Nuff thanking
Lau troop posse on the loose, me top-ranking.
One after the other one, they say they love to skank it
away,
For a better day.
Open up the Chop Shop, no nine to five job

1e Couplet: Can I keep filling up my cup,
Or will this flow of words one day stop.
Or will we lead it to the widest sea.
Words, got my hart so fullfilled
But stopped the tower from being build.
The famous bucket and one drop spilled.
Sounds so outrageous
We're steppin' so contagious

Refrein:
Open up the Chop Shop, step-up

2e Couplet: One and one and one makes three.
Looking for the power of the trinity.
Awaiting all the things that are to be.
But what goes wrong must one day go right.
Acknolidging the fact, it won't happen over night.
The Chop shop influence 'em all.
! Sounds so outrageous.

Refrein:
Open up the Chop Shop, step-up

4x We love, we love, we love to,
Bounce / Rec. I say
