Chorus: Come on player play that ball
I ain't lost my faith at all
Truth is lying upon the shelf
Top secret / Majestic 12

Come on player play that ball
I haven't lost my faith at all
Truth is lying upon the shelf
Top secret / Majestic 12

1# Verse: I do believe in
Headmaster's class
Lecture of equality of sun and stars
No need to worry
When there's no life on Mars
Checkin' out the border of your inner planetary
Don't you feel sorry
No need to doubt
Know the sun is shining
Wind will blow away that cloud
I do believe in Mr. Wells' remarks
Checkin' out the border of your solar system

Chorus: Come on player play that ball
I ain't lost my faith at all
Truth is lying upon the shelf
Top secret / Majestic 12

2# Verse: I do believe in
What Friedmann has found
Evidence is scattered cross a dessert ground
Reality is to hard to face
Are we just the only ones within the embrace of space
Let me explain
If you don't understand
There are only snapshots 'cause they don't know where
to land
I do believe we don't stand as one
Quote Unquote:
"Let's shoot one down and see if they're friendly"

Chorus: Give the breaking news a call

I have found your crystal ball
Truth is lying upon the shelf
Top secret / Majestic 12
Top secret / Majestic 12
