We were just young kids with a six pack

Pat:

That a bad fake I'd bought.

We were just dumb kids

Sittin' on the living room couch

With a 6 pack

Hopin that we didn't get caught

That bad fake I'd I bought

And when we did, my dad

Sitting on the living room couch

Had some good advice for me

Hoping that we didn't get caught

He said Son, there's a time and place

For just about everything

Brad:

It's called College

And when we did my dad had some good advice for  
me

He said son there's a time & place for just about  
everything

Next thing I know I'm packing up

Its called college

And headin on out of here.

A backseat full of clothes,

Next thing I know im packin up

And my old cavalier

And hey im outta here

And there's empty pizza boxes

A backseat full of clothes

Stacked all around the room

In my old cavalier

Couple of beers on a Tuesday

Pat:

And one in the afternoon

There was empty pizza boxes

Hey, college

Stacked around the room

A couple of bears on Tuesday

Those were the best days of my life  
And one in the afternoon  
I found my friends, myself, and my wife.  
Hey, college  
Learned almost everything that I know

Without ever gaining knowledge  
Brad:  
In college....yeah college  
Those were the best days of my life

I found my friends myself and my wife  
I had such a good time those four years

That I stretched them into six.  
Pat:  
And I'd like to thank ole George's Bar  
I learned almost everything I know  
For the the classes that I missed  
Without ever gaining knowledge  
I was searching for the meaning of life

When I saw her walk my way.  
Brad:  
There was not doubt in my my mind  
In college  
That it wasn't about a GPA  
In college

Those were the best days of my life  
I had such a good time in those 4 years  
I found my friends, myself, and my wife.  
That I stretched it into 6  
Learned almost everything that I know

Without ever gaining knowledge  
Pat:  
In college....yeah college.  
AND I'D LIKE TO THANK OL' GEORGE'S BAR

FOR THE CLASSES THAT I MISSED  
Those were the best days of my life

I found my , myself, my friends and my wife.  
Brad:  
Learned almost everything that I know  
I was searching for the meaning of life  
Might have gained a little knowledge  
When I saw her walk my way

In college....yeah college

Both:  
In college  
And there was no doubt in my mind  
In college..yeah yeah yeah...  
That it wasn't about no GPA

Brad:

Those were the best days of my life  
I found my friends myself and my wife

Pat:  
Learned almost everything I know  
Without ever gaining knowledge

Brad:  
In college

Those were the best days of my life  
Pat:  
I found my friends myself and my wife

Brad:  
Learned almost everything I know  
Might have gained a little knowledge

Both:  
In college (yeah yeah yeah)  
In college (yeah yeah yeah)  
In college (yeah yeah yeah)
