I woke up this morning with the afternoon at my window  
I must have tied one on pretty tight last night  
I don't even know if I picked up the phone to call you  
If I did babe I apologize

I can't believe I even made it out here  
Praise the Lord baby, I'm glad I did  
Most times I'm just kinda laid back looking for nothing  
Never thought someone who looked like you come  
looking for me

I live my life one drink at a time, happily out of my mind  
I never thought I'd find somebody like you to give my  
whole life to  
Hope I don't let my hopes get up too high  
I don't know tomorrow you might change you're mind  
But I'm feeling pretty good tonight

Tell you something baby, you're as pretty as a Sunday  
morning  
But every Sunday morning's gotta have a little  
Saturday night

Maybe I could help you make it through 2000 Tuesdays  
Maybe you just get wasted away sometime

I live my life one drink at a time, happily out of my mind  
I never thought I'd find somebody like you to give my  
whole life to  
Hope I don't let my hopes get up too high  
But I don't know tomorrow you might change you're  
mind  
But I'm feeling pretty good tonight

I live my life one drink at a time, happily out of my mind  
I never thought I'd find somebody like you to give my  
whole life to  
Babe I might have finally got things right  
But I hope tomorrow you don't change you're mind  
'Cause I'm feeling pretty good tonight, feeling pretty  
good tonight
