

Before Eden **"Fallen Angel"**

Visit "[Fallen Angel](#)" on MotoLyrics.com

Life comes to a final chapter
Time fades with your dreams faster
Than your eyes can close
The curtain falls

I'm the fallen angel
Coming with the storm
I'm the fallen angel
A holy divine vision

Sky moves in a glorious dance
Rising there is a reign in advance
Can't you see the signs
The great evidence

I'm the fallen angel
Coming to this world
I'm the fallen angel

Stars align in a grand design
A balance of power the darkness shines
Evoking the night from the days
Is my conquerous way

I'm the fallen angel
Coming with the storm
I'm the fallen angel
Coming to this world
I'm the fallen angel
I'm the fallen angel
A holy divine vision
