Sitting in an airport
Wasting time away
Why can't I shake this feeling
That time won't heal this pain

Good evening are you dead
You're crazy go to bed

My head says you feel it (my heart won't hear it)
The pain is growing (in me not knowing)
Will I wait for you (why don't I won't to)
You're all I've wanted (it leaves me haunted)
By old fears stealing (my hearts real feeling)
I need to be closer (but is it to you)

Phone call 3 am
The light is growing dim

Some day my heart will find a better time
To give itself away
I won't give up I wont back down
Till it comes around
You're telling me I jus can't see
How I'm the one you're looking for

Packed my bags
Booked my flight
Why does this feel so right
Bags are stowed
Chairs upright
Close your eyes and hold on tight
