Confused and abused by, never saw the day
Tearin' yourself apart now, you know you won't stay
All right, oh yeah, never meant to stay

Rejected and respected for all that you know
You bring it on yourself girl, you never let go
All right, oh yeah, you never let go

Here she stands with her head in hands
And here she waits alone
Here she cries and no one sighs
Waiting by the phone

Does anybody hear you, anyone at all
Anybody dare to call?
Does anybody tell you after the fall?
Your life is now

Never saw it comin', you say attention's all you need
Give it to yourself girl, he'll never set you free
All right, oh yeah, he'll never set you free

Here she stands with her head in hands and
Here she waits alone
Here she cries and no one sighs
Waiting by the phone

Does anybody hear you, anyone at all?
Anybody dare to call
Does anybody tell you after the fall?
Your life is now

Why you want me?
A mystery, that's sure
Better think about the ones
That made it, the ones that should

Tell you that you'd be the one, how could you be blind?
So many years you've come undone, you'll never walk
that line
All right, oh yeah, you'll never walk that line
Oh yeah, all right

Does anybody hear you, anyone at all
Anybody dare to call?
Does anybody tell you after the fall?
Your life is now, yeah
Life is now
Life is now
Your life is now
