It's all right, I don't mind
It's all right, I don't mind
And it's fine with me

Could it be that I found you there
Or just another time
Time to be when it's still time for me to be
Time to figure out why

Don't you wish we could talk all night
Never thought I'd know why
Times have changed, but now I still remain to be

Lyin' here wonderin' why
Lyin' here wonderin' why, oh yeah

Thought I'd be the one
(Take a look around you and see what's within you)
See the sun
(Is there room in your life, can I fall down beneath
you?)
It's all right, I don't mind and it's fine with me

Now you're thinkin' about if I will or if I won't
Well, you got to know why
To touch your heart I want to see the other side
Please don't ask me why, no don't ask me why, oh yeah

Thought I'd be the one
(Take a look around you and see what's within you)
See the sun
(Is there room in your life, can I fall down beneath
you?)
It's all right, I don't mind

Won't you stay here with me tonight?
Won't you just lay down and rest your eyes tonight?

The sun is up and so are we
I think we know what's happening here
The taste of love is here for real and now I fly
I am so high, oh I am so high, oh yeah

Thought I'd be the one
(Take a look around you and see what's within you)
See the sun
(Is there room in your life, can I fall down beneath
you?)
It's all right, I don't mind

Thought I'd be the one
(Take a look around you and see what's within you)
See the sun
(Is there room in your life, can I fall down beneath
you?)

Thought I'd be the one
(Take a look around you and see what's within you)
See the sun
(Is there room in your life, can I fall down beneath
you?)

Take a look around you and see what's within you
Is there room in your life, can I fall down beneath you?
It's all right, I don't mind it's all right, I don't mind
And it's fine with me
