Who's got all the answers to questions that Rebecca
has?
She's cluelessly wondering just how long she's been
had
She knows more than you or me, she never thinks she's
wrong
All the tables are turning, found herself hurting, oh, so
long

Anybody out there want to help Rebecca find a clue to
life
I guess she feels she was the victim and we are the
knife
There is a price to pay when you put on that face and
roll the dice
One day soon you'll realize the world ain't that nice

You alright and you are okay?
Didn't anybody ever give a care around your way?
Will you be all right after we go?
Won't you tell me someday? Oh, I'll never know

Everybody knows she can't read the writing on the wall
So don't come in
Even you and I know you can't
You won't wanna start this thing all over again

Why don't you just drive on down that line?
We don't have to let you in
You seem to think you know it all
Let me tell you something, you can't win

And you alright and you are okay?
Didn't anybody ever give a care around your way?
Will you be all right after we go?
Won't you tell me someday? Oh, I'll never know

Oh, I'll never know, oh, I'll never know
Oh, I'll never know

Hey, Rebecca this is your pilot speaking, you're about
to land

I hope you got all your answers and you've come to
understand
People and things are always going to change
And you can't stop them now, will you look back and let
me know if

You alright and you are okay?
Didn't anybody ever give a care around your way?
Will you be all right after we go?
Won't you tell me someday? Oh, I'll never know

Oh, I'll never know, oh, I'll never know
Oh, I'll never know

Hey, Rebecca this is your pilot speaking, you're about
to land
Come to understand, you can't stop
