

Behold Eternity "Terrorizer"

Ignorance, this field is ours,
Victory, nothing can stop us
Valleys, wrought with blood, I know, I am the chosen
one

Bleed for me

The Earth shudders at what we have done here
I am the one you all were born to fear

Cast an ocean between our kingdoms enemies
Thrown beneath me feet
Those who dare to face me, shall be cut down,
I am the terrorizer

Ignorance, this field is ours,
Victory, nothing can stop us
Valleys, wrought with blood, I know, I am the chosen
one

Cry out, Fear me

The heavens shudders at what I have done here
I am the one you all were born to fear.

Grrrrr!

Cast an ocean between our kingdoms enemies
Thrown beneath...

Silence takes me
The oncoming storm
Sent to vanquish
