Belgian Asociality - Jupiler Reggae
=====

I was walking through the street one day
I saw a man with a bottle in his hand
I went to the man and I asked him in his face
He, man, what beer are you drinking there ?
You must be joking was what he said
only one beer goes in my head
you know, I am a Jupiler man
drink it as much as I can

I am a jupiler man, love it as much as I can
a Jupiler man, a Jupiler man

Jupiler, Jupiler, Jupiler
thats my beer, for that I care
Jupiler, Jupiler, Jupiler
Jupiler, Jupiler, Jupiler

I was running through the street that day
I was in search for a bottle of beer
I went to the shop and asked the keeper there
for me a bottle of Jupiler
You must be joking was what he said
there was no other beer you should get
You know, I am a Jupiler man
love it as much as I can

So I was walking further on that day
with in my hand this bottle of beer
there was a man that walked right up to me
and asked what beer are you drinking there
You must be joking was what I said
only one beer goes in my head
You know, I am a jupiler man
Drink it as much as I can
