Belgian Asociality - Stagedive
=====

your arce goes in the air
your head goes in the ground
your boots will hit some faces
kick people all around
throw up high in the air
stop your bleeding nooze
restore your balls on place
come back on stage and go !

stagedive, stagedive

come on stage and go and stagedive
jump in air and fly and stagedive
hurt your head so come and stagedive
break your arms so go, go, go !
