"In Flight"

When the debts arrive
The sun is gonna burst in the sky
Around the fire light
Unaware we'll send up the last night

And the air on the outside
Won't ever pay for
All the air on the other side
That we never asked for

If the world was in flight
What did you wait for?
If the world isn't gonna end...

CHORUS

When the debts arrive
How many won't side
When the debts arrive
You are the first light

All you'll ever write

Is the past was no more than our lives
Blinded by the light,
Unaware you'll send up the last night

And the air on the outside
Won't ever pay for
All the air on the other side
That we never asked for

If the world was in flight
What did you wait for?
If the world isn't gonna end...

CHORUS

When the debts arrive
How many won't side
When the debts arrive
You are the first light
