And every morning before I'm awake  
I walk around the world to make sure she's alright  
And every evening 'fore I bolt the door  
I give the stars a stir to make sure they will spin all  
night  
For I see people who will scratch  
And spit and kick and fight  
And I see nations war about whether  
Right is left and whether wrong is right  
And I know storms inside your head  
Can amplify the plight  
But no matter what the weather  
You and the clouds will still be beautiful  
No matter what the weather  
You and the clouds will still be beautiful  
And every Troy with wooden horse  
I take to peaceful waters but can't make him drown  
And every Bastille that gets storm troopered  
Hail to the chief comes raining, rainin', rainin', rainin'  
down  
And I've seen people conduct lightning  
Down to a summer's day  
And I see nations playfully hurl  
Snowballs packed with stones and clay  
And I know rain inside your head  
Can seriously put a stop to play  
But no matter what the weather  
You and the clouds will still be beautiful  
No matter what the weather  
You and the clouds will still be beautiful, so let it rain  
And we see flying saucers, flying cups  
And flying plates and as we trip down lovers lane  
We sometimes bump into the gate and I know  
Thunder in your head can still reverberate  
But no matter what the weather  
You and the clouds will still be beautiful  
No matter what the weather  
You and the clouds will still be beautiful  
No matter what the weather  
So let it rain, so let it rain, so let it rain  
Just let it rain, so let it rain, so let it rain  
So let it rain, just let it rain, so let it rain, so let it rain
