I'm gathering all my thoughts  
So that when they come for me  
I'm not too weak  
We've known this from the start  
It's not easy as it seems to admit you believe

The chances that we take  
Will never help us conquer  
Our well-kept fears  
And we ease into this trance  
Holding in what we've seen and the recent tears

So we'll give up and we'll try to walk away  
And we'll make up a reason not to stay  
And we'll never learn  
No, we'll never learn

You're looking to escape  
Everything you know and all the lies  
We'll fight this from within  
Rub our tired eyes and try not to speak

So we'll give up and we'll try to walk away  
And we'll make up a reason not to stay  
And we'll never learn  
No, we'll never learn

They will tear us down  
If we don't prepare  
They will bring us to  
Tears of despair  
[X2]

Give up and we'll try to walk away  
We'll make up a reason not to stay  
And we'll never learn  
No, we'll never learn

So we'll give up and we'll try to walk away  
And we'll make up a reason not to stay  
And we'll never learn  
No, we'll never learn
