You are pretty beautiful
You are a shining lie
You are a fake to me
A fake to me a fake to me
You are so addicted
You are a pretty lie
You are a shining surface
Ahhh you're a fake to me

Fake, you're fake
So fake
Fake to me to me
So fake so fake
Fake so fake

You suck

You are fxxxing beautiful
You are a fashion slave
You are so ridiculous
A fake to me
You are so addicted
You are a pretty lie
So fxxxing vain
You're fake to me

I can't believe it you're whole world is fake
I cannot stand it your whole world is...

But she means everything now everything to me
But she is everything now everything to me

Why do you treat me like this
You fool me all your life
Why is everything else so interesting to you
I don't need this

You're fake...
