I can see the wheels are falling off  
And I can't fix this anymore.  
Feels like the clock on the wall has stopped  
And you're one foot out the door.  
What's the point in talking, talking  
If you're already walking, walking?  
If you're already leaving, leaving  
Don't go

Cause I'm on my knees  
You're gonna have to  
Step over me  
If you're gonna shoot me down down down down down  
Pull the trigger now  
Pull the trigger now

So caught in your giant wrecking ball  
Knock down this house around my head  
Push me off my pedestal  
Don't chip away my confidence  
What's the point in talking, talking  
If you're already walking, walking?  
If you're already leaving, leaving  
Don't go

Cause I'm on my knees  
You're gonna have to  
Step over me  
If you're gonna shoot me down down down down down  
Pull the trigger now  
Pull the trigger now  
If you're gonna shoot me down down down down down  
Pull the trigger now  
Pull the trigger now

Act like there's nothing to it  
You know you got to do it now  
Woah oh, woah oh...

If you're gonna shoot me down down down down down  
Pull the trigger now

Pull the trigger now  
If you're gonna shoot me down down down down down  
Pull the trigger now  
Pull the trigger now  
Woah oh, woah oh...
