"No Cure For Broken Hearts"

I'm walking down the same old road again.
How many times can I hear, hey lets just be friends?
Every day the feelings so intense,
Until the day that I might see some sense.

Don't leave your life, for someone else who cares,
At least you think who did.
It might sound so unkind, don't let me change your
mind
It's easy to fall in love.

I should have seen it from the start
It feels like years since we were part
I can't accept the truth so far.

Don't leave your friends too far behind
Cos they're the ones who care
It's not such a big deal, you know that time will heal,
There's no cure for broken hearts.
