I saw you out the other night, you looked different to me.
Was I wrong or was I right, for thinking how things could have been?

If I could learn from my mistakes, maybe things would turn out,
Better than I least expected. Why is love so overrated?

What can I do, to make you look my way?
I need you near me, if only for a day.

I think you ought to know, how much you mean to me.
I'll say this nice and slow, please don't get up and leave.
If I could change my life today, you and me would start again.
I'd take you anywhere you want, As long as we were having fun.
This time I want you back, you're the only one.

Why you always on my mind,
Every minute of my time.
I need to tell you all the truth,
That's why I wrote this song for you. Wrote this song for...

I think you ought to know, how much you mean to me.
I can depend on you, in you that I believe.
If everything would be the same, I would hear you call my name.
Now it's over, all is gone; you and me just don't belong.
It's true I want you back, you're the only one.
