Taken back before the situation
I have laid out in front of me.
I never thought that it would come to this.
The color of my dreams helps me to see.
You wanna feel like you used to feel.
I wanna be who I used to be, but I can't connect with
reality anymore.
I've been losing touch since I learned how to feel
anything.
I'm so far away from where I should be.
I am so far away from where I was.
Where are my eyes? I can't see the sunset.
I'm so far away from where I was.
I don't even recognize you.
What is your name?
Where have you gone?
What have I done?
I don't even recognize you.
What is your name?
