I gasp for air, fear in my eyes  
As this city falls to it's demise  
I rush for help, only to find  
I lay in the anguish of my mind

How could this be, it seemed so real  
The blood of men, those running tears  
That smoke and fire, rising from the peers  
The burning skin that I could feel

What did I see?  
It felt so real  
Where did I go?  
What does it mean?

Escape this world  
Lay afloat  
Senses comes to life  
Body's lost  
Amidst the fall  
Body's paralyzed  
Clairvoyant transmission  
Living past my life

Running around, from place to place  
Trying to know what it all means  
Is this a sign, should I be warned  
Or should I just let it go

Those howling screams, that painful site  
Clouds of ash spreading far and wide  
The cries for help, those tearful eyes  
Cracking earth as bodies lay

What did I just see?  
It felt so real  
What did I just go?  
What does it all mean?

Escape this world  
Lay afloat  
Senses comes to life

Body's lost  
Amidst the fall  
Body's paralyzed  
Clairvoyant transmission  
Living past my life

Weeks go by, for me to find  
The foretold city falls to it's demise  
What felt so real, came to life  
Now I know what it all means
