Beware the rage rising from the east
A merciless tyrant, a rampaging beast
Brigade of slayers shielding his chest
Seven heads ten horns lay on his crest

Everything means nothing
All you've ever known
All will turn to ashes
As our destiny unfolds
The world as we know it
Falls into the deep
Forces of terror
Have tainted our creed

Lies and deception guide his way
Tears of joy mark his day
Little they know, they're cheering for
The evil beast will destroy them all

Holding together all the right keys
He brings the seventh down to it's knees
Day by day, reform by reform
We are all plunged to the unknown

Fear, pain, sorrow
Integral to his reign
Freedom, abandoned
All in his name

His timely murder, all well planned
Giving rise to the king of the damned
He seeks revenge for his fallen son
The end of times has begun

Everything means nothing
All you've ever known
All will turn to ashes
As our destiny unfolds
The world as we know it
Falls into the deep
Forces of terror
Have tainted our creed
