Got yourself a deal on a pretty little wife
She's got huge appeal cheap and half the price
Got yourself a snip and her quality's real nice
A proper little bargain and she's put together nice
She's got self esteem and she knows her wrong from
night
Keep it squeaky clean and she knows how to fight
She's your proper queen and she runs her queen Dom
tight
If you could put her in a freezer you should keep her
ass on ice

ReferÃ£o:

Stop! Recognize what you've got
Appreci-luv her form her hills to her valleys
Give it up and don't you always want what you have not
If you just stop appreciate her love

When things are good she'll be right by your side
And when things are bad she will be your spine
Weather funds are low or weather day are high
She will hold you down and always do you right
When your day is hard she is your nurse in the night

To her you are a star whatever people say outside
It's you she's checking for wether you slip or you slide
She'll pick you up for the floor and make sure that you
be fine

ReferÃ£o:

Stop! Recognize what you've got
Appreci-luv her form her hills to her valleys
Give it up and don't you always want what you have not
If you just stop appreciate her love (2x)

Yes she can be moody but that's alright
We're walking thought the hills and valleys side by side
We lead each other's way through the darkest night
If there's a price we gotta pay it couldn't be too high

ReferÃ£o:

Stop! Recognize what you've got
Appreci-luv her form her hills to her valleys
Give it up and don't you always want what you have not
If you just stop appreciate her love
