Chorus:

fear rules, ah yeah, yeah, yeah  
ah yeah, yeah, yeah  
ah yeah, yeah, yeah

fear rules, ah yeah, yeah, yeah  
ah yeah, yeah, yeah  
ah yeah, yeah, yeah

1st Verse:

they fear to give up their social security  
they just want to be a part of this society  
they can't display their abilities.  
they can't develop their personality  
just like machines they do their work everyday,  
accept anything, have no courage to resist. oh no.

chorus

2nd Verse:

time bomb ticks tactics.  
are set up to burn out all of the hypocrites and sophists  
and  
false prophets that run the "politricks"  
it seems like Satan is the pimp and Babylon is the bitch.  
big bad bitch, who keeps the children hungry. cause  
there is  
no milk in her tits.  
so, youth-man join our army and  
let us burn that dirty witch! you can't make a warrior  
bow,  
can't make me deny my soul.  
It's the fear that rules, it's the fear that reigns.  
It's the fear that rules, it's the fear that reigns.
