From my head down to my toe, say they sus me with that ... They don't want to see... They want me stoop down low. But different people different views, and different Gods and truth, so baby don't be blue cos, what you send out will come back to you. And if there's a way (yeah) we will make a way. The ... the steepest hills, we will love ... .. We could all be friends (yeah) cos nattie rides again (yeah) nappie ride again

Oh life, baby don't you cry, put your head up high we be alright. (Repeat)

From my nappie head down to my clarks. Say they sus me with that ... But I wear my ... glasses so I can see right through them...

And dem a wonder dem wonder dem wonder, and we get stronger get stronger get stronger yes dem a wonder dem wonder dem wonder a dem just can't push me under that's why I say

Oh life, baby don't you cry, put your head up high we'll be alright (Repeat)

If I had wings and I could fly I could spread them wide and rise up high

(Rap)

Body language is like poetry .... Reminds me of affinity divinity ..... my life ..... cos there is nothing in between .... the lines.. You know what I mean. You know there is this chemistry I'm not this shy guy usually, but when ... But mentally and physically and spiritually you reflect on me. Hmmm you make my life complete.... you are the ... for me.  
... (ADD 2ND PART OF RAP HERE) ..

Well if I had wings and I could fly I could spread them wide and rise up high
