

Patrice "Up In My Room"

Visit "[Up In My Room](#)" on MotoLyrics.com

When Iâ€™m up in my room (and Iâ€™m thinking of you)
And Iâ€™m thinking of you (when Iâ€™m up in my room)
Iâ€™m just finding my way
through this sinister day
Just let the music play

Emancipating my heart
from Hollywood love
too many people got caught.
Emancipating my mind from a system designed (yeah)
to limit mankind
But I leave that behind.

When Iâ€™m up in my room (and Iâ€™m thinking of you)
And Iâ€™m thinking of you (when Iâ€™m up in my room)
Iâ€™m just finding my way
through this sinister day
Just let the music play

Letâ€™s build a house on the beach
plant a family tree
and live in harmony
Only in love we are free
thatâ€™s why Iâ€™m down on my knees (yeah)
to make you my queen
My mind and heart are making peace
Didnâ€™t come here to please
nobody but Jah
let my colours increase
Let us run to the east
let us look for the keys
that can open the rooms
Yo! Check out Patrice

â€™Cos when Iâ€™m up in my room (and Iâ€™m thinking of
you)
And Iâ€™m thinking of you (when Iâ€™m up in my room)
Iâ€™m just finding my way
through this sinister day
Just let the music play

When Iâ€™m up in my room (and Iâ€™m thinking of you)

And Iâ€™m thinking of you (when Iâ€™m up in my room)
The ground shakes under my feet
Oh this feeling so sweet
wonâ€™t you dance with me?

We all want love and happiness
as long as there is heart within our chest,
believe in your self and love will do the rest
We have to manifest.
Some want to understand
Some overstand
Some want to live some want to be lived by them
For all those that donâ€™t know what Iâ€™m saying
let me break it down again.

When Iâ€™m up in my room (and Iâ€™m thinking of you)
And Iâ€™m thinking of you (when Iâ€™m up in my room)
Iâ€™m just finding my way through this sinister day
just let the music play
Wonâ€™t you dance with me?

When Iâ€™m up in my room (and Iâ€™m thinking of you)
And Iâ€™m thinking of you (when Iâ€™m up in my room)
The ground shakes under my feet
Oh this feeling so sweet
wonâ€™t you dance with me?
