chorus

thought Iâ'd never find you
there ainâ't no one like you
I put my love inside you
there ainâ't no one like you

verse

tomorrowâ's kiss wonâ't feel the way it feels today
tomorrowâ's wish will miss these lips feeling the same
tomorrowâ's touch wonâ't be touching you quite this
way
donâ't play hate
tomorrow Iâ'll be telling you all of this once again
â"but usuallyâ" â- I donâ't care â'bout usually
today is different â'cause today itâ's you and me
it feelâ' so good to loose victoriouslyâ"
come speak with meâ... victoriously

chorus

verse

nobody knows what tomorrow holds for us
should live today like this day could be our last, plus â-
before this touch before this grasp becomes the past
it is a must â- to feel this fully
one day you might say I repeat myself thatâ's true
when that day arriveâ' Iâ'll come up with something
new
but for today this ya one will do
donâ't care â'bout then just wanna be with you â- right
now

chorus

verse

we link up from before we link up in a flesh
Iâ'm sinking syncopating while I synch up with your
breath
kinkydelic visions years turn month then weeks then
minutes
then moments then indefinite then infinite â- come
again

come sink with me to the city under the sea
so deep under the waters where time is standing still
we chill and take a rest from life's troubles and life's
stress
a place where no equals yes
see who my eyes reflect!?
