We keep rising on
we keep shining on

chorus:

you walk and you talk without love in your heart
so now you wonder...
upon Jah people you stare
about Jah you don't care
so now you wonder...
you big up your chest and you think you are the best
so you wonder...
it is wind you ah sow
but you will reap thunderstorm
yes you will wonder...

1st verse:

they stand up to me as if they were somebody
they want you to believe that your god is false
and their god is real
but the seed them caste is what them will reap at last
they
believe in vnaity
what's the reason for your stupidity
your foolishness, you ignorance?
you never consider any consequence
of your actions them, that's madness
you are going to take this for fun
until you feel judgement burn
act like you don't understand
and run from Jah son it's your own possessions you are
possessed
by ooh man, it's so sad to see how you ah flex and
ah gwan you act like a fool you are ruled by you tools
by
what was made for their own use human beings now
get
used

hearts and minds are confused
instead of seeking love and truth
they have fear

chorus

we keep shining on
we keep rising on
we keep riding on
we keep praising on

2nd verse:

them all express pure ugliness by their possessions
them get possessed
them manifest pure emptiness
what their speech and deeds reflect
the heart that beats behind your chest
beats to the rhythm of your clock
guess what the have-nots
they are fed up too long
they are bleeding blood
but your guiltiness is gonna rest on your conscience
the world regains its consciousness
as the father resurrects
babatunde - the father has come back
babatunde - because this place here has to get blessed

chorus

we keep shining on
we keep rising on
we keep riding on
we keep praising on
