I'm not gonna fight this, I'm not gonna stop
I'm not gonna be the one to pull the plug
I will feed my hunger, I will quench my thirst
No, I'm not gonna be the one who will give in first

I tried to hide it, but nothing would do
If someone should end this, it's gotta be you
I will not deny myself what I'm gonna miss
No, I'm not gonna be the one who's gonna say no to
this

Yes, yes, yes

I'm not the one who is gonna toll the bells
I'm not the one who's tied to someone else
I don't care if behind my back they will hiss
No, I'm not gonna be the one who's gonna say no to
this

You are gonna be the one, the one whose hands it's in
You are gonna be the one, who has gotta lose to win
I know what we're doing, just cannot be right
And I can not stop cause this is stronger than I

I'm not gonna be the one who's gonna make it stop
I'm not gonna be the one who's gonna pull the plug
I will not deny myself what I'm gonna miss
No, I'm not gonna be the one who's gotta say no to this

I'm not gonna be the one who's gonna make it stop
I'm not gonna be the one who's gonna pull the plug
I will not deny myself what I'm gonna miss
No, I'm not gonna be the one who's gotta say no to this
