Evil bloodoath has been taken
Satanic brothers join together
They can see that satan's rising
So that he can rule the cosmos
Summoning the brothers
Summoning the brothers
Summoning the brothers
Summoning the brothers
All satanists come together
Show the christian pigs who are
The strong, destroy all that is holy
And give satan your all
Satan's summoning of the brothers
Satan's summoning of the brothers
Satan's summoning of the brothers
Summoning of the brothers
In nomine dei nostri satanas luciferi
