Too drunk to be sex
Too straight to be drunk
Sometimes a night of sin
But certainly not junk

Where do I fit in
The labeling begins
Where do I fit in
I don't care if I fit

Too les politics to be PC
But radical compared to pop kids

Where do I fit in
The labeling begins
Where do I fit in
I don't care if I fit

Too clean to be dirty
Too dirty to be clean
Try to make myself clear
But do you get what I mean?

All this so called unity bull
Do you think I'll be like you
We'll never be the same
This is fXXX ing punk rock we do

Where do I fit in
