I dropped a coin in a wishing well  
I turned the wild jack over  
Listened to the devil tell  
Seven story lies  
Cross my heart i hope to live  
Tangled with my lover  
Opening my sorrows gifts  
Laughing as i cry

Chorus

Still the light will pierce the dark  
Still the dark will steal the light  
And everything will be all right  
Though change won't be denied  
All these ways god loves me so  
In languages i've come to know  
Bended trees with melting snow  
And angels by my side

Chorus

Now I lay me down to sleep,  
The troubles of this world release  
And the promise of tomorrow keeps  
Angels by my side  
Angels by my side  
Angels by my side

Still the light will pierce the dark  
And the dark will steal the light  
And grace provides these  
Angels by my side  
Angels by my side  
Angels, angels
