Must be something going round cuz I can't stop smiling
My heart is racing I can hear it pound, light is blinding
When he walks into the room, I get weaker
Starting to think he's the reason

Never been in love before
Never been in love before
Don't know what I've got but I like it a lot
If this is how it feels I want more
Cuz I've never been in love before

Just last week he took me to the county fair
Bought me cotton candy, won a big stuffed polar bear
Saw the fortune teller Madame mystery
Did he pay a little extra for a spell on me?

Never been in love before
Never been in love before
Don't know what I've got but I like it a lot
If this is how it feels I want more
Cuz I've never been in love before

If he's the one who started this
Is it transmitted through his kisses?

Never been in love before
Never been in love before
Don't know what I've got but I like it a lot
If this is how it feels I want more

Never been in love before
Never been in love before
Don't know what I've got but I like it a lot
If this is how it feels I want more
Cuz I've never been in love before
No I've never been in love before
