Lili putt your hands in mine
Blue ribbon wraps around your eyes

Let twisted feet and the hooves of the sun ride east
And then gallop over love and then gallop right back
over me
Let us ride on these seas, till your pupils see no reason
To dilate in the face of me

Well don't ask me to stay
For my feet won't oblige
These hooves have had their day
If I stay I won't survive

Lili putt your hands in mine
Blue ribbon wraps around your eyes

A hungry hand I will not stand to feed
A root for to absorb the poison of your rhapsody
A will a way and fairwell little one
For time must not be wasted in gaze of such a lucid sun

Oh my love
I'm not done with you yet oh no
I might die
Without these words having left my mouth
