Shut it all down!  
Raise your voice!  
Cry out!

The things we've seen  
Things we've heard  
Things we do not deserve

Don't hold back  
Just attack  
Let the blood flow black

At hell's gate  
Demons wake  
As we seek out our fate

New religion  
Faking wisdom  
Deceiving all who'll listen

Fight back  
We're on the war path  
Don't bow  
Cause we'll never back down  
False words  
To eternally burn  
Prepared to die  
This is our final cry

Final cry!

Lies they tell  
Words they sell  
"you're all going to hell"

Soldiers die  
Families cry  
But these fools are blind

A breaking wave  
To the grave  
An attempt to enslave

New religion  
Faking wisdom  
Deceiving all who'll listen

Fight back  
We're on the war path  
Don't bow  
Cause we'll never back down  
False words  
To eternally burn  
Prepared to die  
This is our final cry

Final cry!

Can you lend me a bullet to the head  
So I can truly live?  
Why should I wait til I'm dead?  
I've got it all to give  
(X2)

Fight back  
We're on the war path  
Don't bow  
Cause we'll never back down  
False words  
To eternally burn  
Prepared to die  
This is our final cry

I've got it all to give  
It's time to truly live
