I saw the look in
Your eyes last night
I could tell something
Wasn't right

When I asked you
To take me home
You spent the whole night
Talking on the phone

And, boy as if you
Were all alone, boy
There's something
I've got to know, boy

What are you
Trying to say
Baby, give it away

I don't wanna guess
Get it off your chest
Tell me what you need
How you want it to be

I can't read your mind
I need a little time
If you wanna know
How it's gotta go
Baby, let me, tell you, tell me

Who, is the one
Whose been there for you
Baby, no matter
What you do?

I can always
Make you forget
All your troubles
If you only let me

Baby, just come and get me
We'll pretend you just met me

We'll make a brand new start
Tell me what's in your heart

I don't wanna guess
Get it off your chest
Tell me what you need
How you want it to be

I can't read your mind
I need a little time
If you wanna know
How it's gotta go
Baby, let me, tell you, tell me

I don't wanna guess
Get it off your chest
Tell me what you need
How you want it to be

I can't read your mind
I need a little time
If you wanna know
How it's gotta go
Baby, let me, tell you, tell me

Please, let me
Help you through the night
Pull me closer, hold me tight
And I promise I'll make
Everything alright

Tell me, tell you
Whatchu gonna do
Tell you, tell me
What's it gonna be

Tell me, tell you
Whatchu gonna do
Tell you, tell me
What's it gonna be

I don't wanna guess
Get it off your chest
Tell me what you need
How you want it to be

I can't read your mind
I need a little time
If you wanna know
How it's gotta go
Baby, let me, tell you, tell me

Tell me, tell you
Whatchu gonna do
Tell you, tell me
What's it gonna be

Tell me, tell you
Whatchu gonna do
Tell you, tell me
What's it gonna be

Tell me, tell you
Whatchu gonna do
Tell you, tell me
What's it gonna be

Tell me what you want
Tell me what you need
Whatchu gonna do
Tell me how it's gonna be

Tell me, tell you
Whatchu gonna do
Tell you, tell me
What's it gonna be

Tell me, tell you
Whatchu gonna do
Tell you, tell me
What's it gonna be

Tell me, tell you
Whatchu gonna do
Tell you, tell me
What's it gonna be
