Seventeen never was so sweet  
We brushed hands and increased my heartbeat  
We stood here like friends  
Both hand in hand  
But you stole me away  
At the end of the day

Woah girl those days were good  
My heart beats for you just like it should

You are the thorn in my side  
Your voice echoes in my mind  
You could make me forget  
All that I knew  
I though this was forever  
Me and you still together  
Lets start a new memory  
About you

Seventeen never was so sweet  
We brushed hands and increased my heartbeat  
We stood here like friends  
Both hand in hand  
I don't care what you say  
Just tell me you'll stay

You're the thorn in my side  
Your voice echoes in my mind  
You could make me forget  
All that I knew  
I thought this was forever  
Me and you still together  
Lets start a new memory  
About you

This could be over  
This could be my last chance  
I wanna treat you right  
I wanna give you romance  
This could be over  
This could be my last chance  
I wanna treat you right

I wanna give you romance

You are the thorn in my side  
Your voice echoes in my mind  
You could make me forget  
All that I knew...

I thought this was forever  
Me and you still together  
Lets start a new memory  
About you

You're the thorn in my side  
Your voice echoes in my mind  
You could make me forget  
All that I knew  
I thought this was forever  
Me and you still together  
Lets start a new memory  
About you
