I'm still lost in your eyes
I'll take off my disguise
To find out which of us is real tonight
And now you have to go
The reason I don't know
But I don't think that everything is alright.

This took me by surprise
It's burned into my mind
It's hard to believe you so much
When you lie
This is so messed up to me
And I just cannot see
Why you have to leave

I tried so hard to see your side
But I don't understand this time
Why you had to leave today
Please stay

So take these hearts
And throw them on the funeral pyre
Light through dark
Shine on to find your own desire

This took me by surprise
It's burned into my mind
It's hard to believe you so much
When you lie
This is so messed up to me
And I just cannot see
Why you have to leave

I tried so hard to see your side
But I don't understand this time
Why you had to leave today
Please stay

So take these hearts
And throw them on the funeral pyre
Light through dark
Shine on to find your own desire

I hate goodbyes
Don't leave my side

So take these hearts
And throw them on the funeral pyre
Light through dark
Shine on to find your own desire
