Lay down, heaven can wait
You think you're right, I think you can change
Draw some blood, I'm not going hungry tonight
Won't it be fun, to Howl in the night?
Howl - So that the angels can hear you

Yeah
Catch me if you can
My, My, My,
I'm a hungry man
Oh, oh
Catch me when I fall
Baby girl I want to hear you Howl

Cut strings, you think too much
I can't wait this long for a rush
A misery to be alone
How'd you want to be the lonely one?
Howl - So that the angels can hear you

Yeah
Catch me if you can
My, My, My,
I'm a hungry man
Oh, oh
Catch me when I fall
Baby girl I want to hear you Howl

Oh Child when will you see the light
Come on make up your mind I've been here all night
Tick Tock I know we can make it by dawn
So lets run away to Heaven and never be found

Yeah
Catch me if you can
My, My, My,
I'm a hungry man
Oh, oh
Catch me when I fall
Baby girl I want to hear you Howl
