Have you met the dark? Our common friend still
New and cruel to you?
Beneath your trembling skin somewhere deep
It all makes sense to you?
I have thought so whatever we have been we're now the
same
So come and take my hand and nowhere-bound we fall

You write beneath your sheets
Our gloom is a trip for two
Blindfolded in the deep
Our gloom is a trip for two
Our sacrifice but our sorry lives for one night
Our seconds run to
To last forever and no day

In your warm touch and in your glance
I sense what marbled you

We will never do we might as well give up and start
anew

Where do we belong? To watch our skin cave in
As we turn to earth won't render us whole

So let's eject creation

You write beneath your sheets
Our gloom is a trip for two
Blindfolded in the deep
Our gloom is a trip for two
Our sacrifice but our sorry lives for one night
Our seconds run to
To last forever and no day

At the room descends and darkness burns all hues
As the flood abducts us weight and time we lose
There is no beginning and there is no end
To me there's nothing but your skin

You write beneath your sheets
Our gloom is a trip for two

Blindfolded in the deep
Our gloom is a trip for two
Our sacrifice but our sorry lives for one night
Our seconds run to
To last forever and no day
