We parted last time
We cried and said 'goodbye'
We both loved each other
But we can't be together

Refrain:

People would say it's bitterness
But I would, oppose and stress
That our love is at the wrong time
And our hearts ain't rhyme

Chorus:

But if you're lost in the dark
Don't be afraid, call out my name
And if the world is against you
Don't hold your pride way up high
Cause I'm always here
Under the same Changing Skies

Our love is a story
Of lovers that are not "meant to be"
Cause we tried and tried
But when it comes to truth, we always lied

Refrain:

People would say it's bitterness
But I would, oppose and stress
That our love is at the wrong time
And our hearts ain't rhyme

(Chorus)

Bridge:

I know that our love is not
On it's best
But if I were given a chance to
Fix it again
I will love you with my whole being

Interlude

(Repeat chorus except last two lines)

(Chorus slowly)
