She said "I don't ever wanna feel this way again"
She said "I don't ever wanna fall in love again"

Throw away those empty letters,
Chuck them up as bad memories
Now build your bridge, just to build it higher
All it takes is time

Just wait to get your chance
Don't stop, its like romance
Just thrown at each other and run
Don't try to find someone
Cause they'll find you
Ohh they'll find you

5 am and she says that she will never sleep again
Wide awake and she says that she will never trust
again

Throw away those empty letters,
Chuck them up as bad memories
Now build your bridge, just to build it higher
All it takes is time

Just wait to get your chance
Don't stop, its like romance
Just thrown at each other and run
Don't try to find someone
Cause they'll find you
Ohh they'll find you

She's the one
She sees the good in everyone
She's the one (How could this happen to me)
She sees the good in everyone
She's the one (She said I think we never loved
enough)
She sees the good in everyone
She's the one (She still calls even then)
She sees the good in everyone
She's the one (She still writes even then)
She sees the good in everyone

Just wait to get your chance
Don't stop, its like romance
Just thrown at each other and run
Don't try to find someone
Cause they'll find you
Just give it a little time
They'll find you
