I can see my fantasy I'm so consumed in bed
What I see takes over me I'm blind beyond repair
It takes a hold of me so tight a breed that does not give
And when she's done she throws me out like junk left in
a shelf

Yeah
I wanna have the right
I wanna feel the night
Around the stars
Wanna take a flight
Get back on my sights
Around the stars

I can see all my words I can feel the warming breeze
I can see through forests I can hear her breathe
Walking for a thousand miles I can see the road
And at the end I find I'm with her sharing eachs soul

Yeah
I wanna have the right
I wanna feel the night
Around the stars
Wanna take a flight
Get back on my sights
All round the stars

Walking a solo ride
Trying to reunite
God I'm so mixed up
I will find you

I wanna have the right
I wanna feel the night
Around the stars
Wanna take a flight
Get back on my sight
Around the stars
Yeah
I want to have the right
God I want to feel the night
Around the stars

I want to have the right
I want to feel the night
Around the stars

As the ink runs deep
It left me a mark
Sketched my heart
