Check out this bazaar,
Off white, black dish in my foreign car
Off white, space ship, riding in my hood
Tarzan in the jungle out the motherfucking wood

Hahahahaha
Check out this bazaar,
Off white, black bitch in my foreign car
Off white, space ship, riding in my hood
Tarzan in the jungle out the motherfucking wood x 3

Draped up I'm dripped that
Kushed up I'm gwapped that
Backseat is bitched up
You bossing up know what I'm talking bout
Word to slim thugga an incredible feeling
Caught the bitch out of wet willies
Meet 6, sway ceilings, I swerved up
Like picadillies
Took her back to my launch pad
Made a flick on my iPad
She a pro, high notes
She suck me up with them knee pads
Shawty bad, Shawty bad,
Hits more thought like a... bank
Might as well as call animal cruelty
Cause the dog gonna murder the pussy
Say baby girl call your bitch,
Not say you gay but the one you kiss
Let her know what I'm working with
And I love freaks who look innocent
I play to win they pay to win
Bait her in with them bejnamins
You get the booth, timbaland
Take stars spot, jimbelling

Hahahahaha

I pull up in that space shit and can't nobody say shit
I got me some new to play with
Looking like it's off the Matrix,
I know them haters can't take it
New you blow on the way bitch
Staying what's the before you, they wondering how I
stay rich
I'm riding round with my baby
She off white, black, and she act a little off
But her ass so fat
Back 2 nights at all times
Just only dames calling on my line
Finest bines line on my spine
I'm buying 2 whips at a time
It's boss shit if I floss it
Don't worry bout what it cost bitch
Nodes you'll be number 2
If we buy the same whip
Still killing all the same strips
I've been killing since 17
You knew the it when I'm through with
I've been there, you niggas dream

Hahahahaha

Yeah, yeah, just cop the x jay, shout out to my SA
Paint wet like can't take
Them guns color let ye
Life so extraordinary, whip that like Hale Berry
New grill, 2 ferry, I'm cashing out like Tyler Barry
I'ma piss off my baby mama, call that electric karma
Going green, I'm sure to that,
Ain't up on it, google that
Nigga been sleeping on the side
Oak wood like nana house,
Got a Bentley, try to shit on me
Better put that phantom out
Fist full of franklins and...
Street forever, through my speakers
Middle fingers, my hating ass features
This for my non believers
I wasn't bad, I was living life
At a early age, had an appetite
For a space ship, with a satellite
Call it what you want, I did something right

Hahahahaha
