I'm dancing

I-I-I-I I'm dancing Ooooh weee eeeh yeeeah

Verse 1

Been chilling all night I'm not dancing in the club
Cos I'm in a bad mood and I don't wanna really talk
Now my girl friends mad at me for reasons I can't even think
And I've been walking all around and all I wanna do is drink
So my buddies here tonight they've been tryna to make me dance
But I don't feel like dancing so I tell them Not a chance
And when I look down at my watch it is almost time to go
See I'm like Kobe in the clutch and I just wanna end the show
Then Richie rich calls me Bikey lets go do some shots
So we walk up to the bar and we find some open spots
We see some pretty girls with pizzle and we say wsup
Wsup?
When it's time to place the order then we order lemon drops
The DJ's on the mic and he calls for last call (last call?)
He's yelling on the mic this gon be the last song
Then I stop to listen as the DJ turned this on
So I start to sing along while I'm yelling that's my song!
I'm dancing!

[Chorus]

All my people in the place
Move your body and your waist
I'm dancing ooo weee eee ayeeeah
If you're happy and don't care
Put your hands up in the air
We dancing ooo weee eee ayeeeah

[Bridge]

I'll be dancing all night long
Mr. DJ play my song!
Start dancing with meee

Ayyyy yeeeeah
Move ur hands and move ur feet
As we rocking to this beat
I'm dancing oooh weee
Yeeaaaah

[Verse 2]

Been driving for a minute oh my Gosh I think we lost
Vizzle got the wheels and the GPS is burst
So I'm fiddling with my phone and I'm tryna find
directions
I tell him make a right at the next intersection
The sun's overhead and the weather's kinda hot
But I'm glad the radio's working cos the air conditoners
not
Now I think we're lost becos everything looks foreign
And I'm flipping thru the stations because everything is
boring
So we pull up at the gas station just to have a drink
And we running outta gas cos it emptied in a blink
It's such a bad day I'm not even having fun
And I hate the radio because nothing nice is on
I like this radio station cos I think they know wsup
I turn it to their dial then proceed to turn it up
Then I stop to listen as the DJ turned this on
So I start to sing along while I'm yelling that's my song!
I'm dancing!

[Chorus] 2ce

All my people in the place
Move your body and your waist
I'm dancing ooo weee eee yeeeeah
If you're happy and don't care
Put your hands up in the air
We're dancing ooo weee eee yeeeeah
