Coming out with my head high  
Keeping my feet off the ground  
I'm feeling right with you  
Don't want it to end now

It's a kind of sickness  
Of the mind  
Could call it obsession  
I call it love

You take me higher now  
I don't want to fall down  
Burn me up in the atmosphere  
Soar through the sky on your loving arms now  
Bring me down to earth never  
Kiss me now, kiss me now  
Don't get in a hurry,  
Take your time

You've got me completely  
Everything that I am  
I've fallen hard for you  
Still though I've yet to hit the ground

It's a kind of sickness  
Of the mind  
Could call it obsession  
I call it love

You take me higher now  
I don't want to fall down  
Burn me up in the atmosphere  
Soar through the sky on your loving arms now  
Bring me down to earth never  
Kiss me now, kiss me now  
Don't get in a hurry,  
Take your time

Kiss me now, take me up  
My heart is yours  
Take me up, Kiss me now  
I cannot wait now

Take me up, take me up

It's a kind of sickness  
Of the mind  
Could call it obsession  
I call it love

You take me higher now  
I don't want to fall down  
Burn me up in the atmosphere  
Soar through the sky on your loving arms now  
Bring me down to earth never  
Kiss me now, kiss me now  
Don't get in a hurry,  
Take your time
