Come on over - let me stroke your hair
try to look into your eyes -
but there's no one there
a scene of destruction - no sign of doubt
all I want is - just some way out

cold things never catch fire
help me out of this you beautiful liar
I don't regret the day we met
but eject my heart
cold things never catch fire
help me out of of this beautiful liar
I forgive you for all you haven't done
but eject my heart it's my only one

You say you must be goin' -
standin' in the door
you didn't dare to need me-
you didn't talk anymore
I feel no affection in your last embrace
seems love itself has left this place

why should i cry
For love at anyonce

ooohh oh oh oh ooohh

yeah yeah yeah yeaah

cold things never catch fire
help me out of of this beautiful liar
I forgive you for all you haven't done
but eject my heart it's my only one
