it was love at first sight
on the second of july
met her on the third floor
four times in one night
it was a little bit of magic
and the time stood still
she took me to another side
she got the key to my will

tell me how could such a good thing only last....

1-2-3-4-
five days
once in a lifetime
five nights
too good to be true
the universe is passin' by
but i can't forget our
1-2-3-4-

five days sunshine one way trip
where she touched my soul
when i touched her lips
she said: "boy take me to wherever you go
destination anywhere"
but destiny said no

tell me how could such a good thing only last...

1-2-3-4-
five days
once in a lifetime
five nights
too good to be true
the universe is passin' by
but i can't forget our
1-2-3-4-
five days
once in a lifetime
five nights
too good to be true
the universe is passin' by

but i can't forget our
1-2-3-4-

5 days can you hear me
5 nights where you are
5 days can you feel me
5 days you are still my love

it was so great when we were together, baby
so great when we were together
it was so great, when our days were endless, baby
so great when we were together

tell me how could our forever only last....

1-2-3-4-
five days
once in a lifetime
five nights
too good to be true
the universe is passin' by
but i can't forget our
1-2-3-4-
five days
once in a lifetime
five nights
too good to be true
the universe is passin' by
but i can't forget our
1-2-3-4-

5 days can you hear me
5 nights where you are
5 days can you feel me
5 days you are still my love

it was so great when we were together, baby
(my love) so great when we were together
it was so great, when our days were endless, baby
(endless baby)
so great when we were together
