### "Join the vision"

Together as one  
I know that the journey's just begun  
Sometimes you must hold on  
Things change and you sing a different song

Two people's ideas  
Can start burning - right here  
Join together  
Spread out - So now well shout

Refrain:  
Join the Vision  
Now we're gonna show you the way  
Join the Vision  
Yes we're gonna start it all today  
Our world is reaching for you  
Proud of new ideas  
And so now the time is here  
Join the Vision

One family with drive  
Real power to make you feel alive  
Hearts beating like one  
Our vision has only just begun

Your thought will be set free  
Be a part of a global community  
Keep on moving onward  
And you will see

Refrain
